## Technical Meeting – Answers to Written Questions

NPC Luxembourg	
Question	Do we have the possibility to pre-check the racing wheelchair before the Call Room Check to be clear that it is compliant with the rules?
Answer	<b>Yes, pre-check is possible from 16.30 – 17.00 at the implement control (see situation map no. 22)</b>
Question	Will there be a special warm up area for racing wheelchairs (rollers or similar?)
Answer	<b>No</b>
Question	Will there be the possibility to adjust the Steering angle before the races on the track for the events 200m upwards?
Answer	<b>It is possible to set the compensator during the warm up round. The track is open for training before the morning session as well as during lunchtime. Track will be closed 10 minutes prior to the start of the event. Between the events, it will not be possible to set the compensator on the track. Please show respect for the athletes at midday who are in action at the field events.</b>

NPC Kyrgyzstan	
Question	We have only two para athletes and Can you allow us to register for DISCUS because we were going to Paris but after they cancelled, we were little bit late to register Nottwil20221 in the system. In our country para sport has started developing only last two years.
Answer	<b>No late entries possible.</b>

NPC Netherlands	
Question	Where will the long jump women T62-T64 take place?
Answer	<b>The mentioned long jump will take place in the pit on the home straight (see situation map no. 18)</b>
Question	If it's on the sprint straight, is there a possibility to remove the triple jump take off boards?
Answer	<b>We will remove the triple jump take-off boards and cover them regularly.</b>

<b>NPC Philippines</b>	
Question	What will be the starting height for T42 Men's High Jump?
Answer	<b>The proposed starting height for the High Jump is 1.20m. This will be confirmed at the Technical Meeting.</b>
Question	Our T12 athlete Archand Christian Bagsit was classified INELIGIBLE. We came from a very far country and our government spent a lot for this trip. Can he be allowed to run for performance purposes only? (with ineligible classification status) Your positive response will be greatly appreciated.
Answer	<b>No, this would not be possible.</b>

<b>NPC Switzerland</b>	
Question	Can each heat have 1 round of warm up before the start?
Answer	<b>Yes, there is time for a warm up round.</b>
Question	Until how long before the start of a session is the track open for warm up?
Answer	<b>It is possible to set the compensator during the warm up round. The track is open for training before the morning session as well as during lunchtime. Track will be closed 10 minutes prior to the start of the event. Between the events, it will not be possible to set the compensator on the track. Please show respect for the athletes at midday who are in action at the field events.</b>
